### **Company Profile**

NVIDIA (Nasdaq: NVDA) is the world leader in visual computing technologies and the inventor of the GPU. Our expertise in programmable GPUs and computer-system technology led to breakthroughs in parallel processing which make supercomputing inexpensive and widely accessible. We are strategically investing in three major areas—visual computing, high performance computing and mobile computing. NVIDIA serves the visual computing market with our consumer GeForce graphics products and professional Quadro graphics products; the high performance computing market with our Tesla computing solutions products; and the mobile computing market with our Tegra system-on-chip products.
